TRUITT**

I grew up in a Christian household and was taught about the Lord at a very young age. However, it was not until the end of elementary school that I began to take ownership of my faith. At that age I began to understand that God had sent his only Son to die on the cross for me so that I could have a relationship with him. I learned that God created me perfectly and wanted to have a relationship with me. I learned what it meant to believe in Christ and from there my faith was gradually tested and pushed. As a teenager I began to heavily rely on my own walk with the Lord as I experienced the trials of junior high and high school. I began to see that I was completely incapable of tackling all of life's problems alone. I saw that a life with Christ was one full of joy and hope and was a life that I fully wanted to pursue. Now, as I am about to enter my 3rd year of college, I am trying to daily prioritize my faith and pursue God's plans for me as I approach the next season of life.

My parents started sending me to New Life Ranch when I was 11 years old and since then my love for this camp has grow substantially. This is my second year on staff, and I cannot wait to see how the Lord develops the campers and myself this summer. Last summer, I learned about being bold in my faith and was surrounded by the best community I have ever known. I hope this summer he teaches me more about his steadfast love and uses me as a vessel to help others, just as my own counselors use to be for me.
