

# COUNSELOR BIO

**DREW  
WILKIE**

I came to know Christ from a young age when my parents took me and my siblings to church every Sunday. I was blessed to know Christ from a young age and grow in my faith as I got older. As I grew up I really got to apply my faith to my day to day life, like combining school and faith. I learned my lessons throughout the years like idolization and temptation and got to watch my faith grow stronger and stronger. Once I got to college I really got to take my faith into my own hands as no one was there to tell me to go to church. My faith has continued and will continue to grow stronger as I get older and I can't wait to see what Christ has in store for me!

I am working at New Life Ranch this summer to give back to the camp that gave me so much. New Life has a special place in my heart since I have had counselors that changed my life and gave me a new purpose. I was baptized in Flint Creek and I could not miss the opportunity to pour into kids the same way I was when I was their age. There is no greater thing in this life than watching kids grasp onto their faith and watch them take joy in that.
