

# COUNSELOR BIO

**MARGAUX

I had the blessing to grow up in a Christian home, but I never had a personal relationship with Him. In 6th grade, I came to New Life Ranch, and I saw the eternal joy and love my counselors had because of Christ and the freedom they had in Him. After going to camp, I desired to have a personal relationship with Him. I realized that I wanted to make Jesus the Lord of my life and live my life for Him. I realized that Christianity is not about following a religion, but it is about pursuing a personal relationship with Christ. Ever since I have dedicated my life to pursuing the Lord daily.

I am working at New Life this summer because it is so fulfilling and incredible to see the Lord's kingdom furthered every summer. The community and campers are what make New Life so incredible. The joy felt in the valley is like no other. I see the Lord's hand in New Life Ranch, and I want to be part of the mission of spreading the Gospel. The campers' faith inspires my own. I want to be part of a mission for the Lord, and New Life Ranch is the perfect avenue for that. Last summer, I was amazed at the life changes the Lord provided last summer.
