

COUNSELOR BIO

**ABIGAIL
GRANEY**

I grew up in an amazing, loving, and Christian home so I always knew about Jesus and I accepted him as my Savior at a very young age. But as I got older I started to actually understand what it meant to have a relationship with the Lord. When I was in my freshman year of high school my best friend moved away and through that I started to believe lies that Satan was telling me. But through that I learned how much God loves me and cares about me and how I don't need to love other people because I am loved by the creator of the universe.

I am working at New Life Ranch this summer because I love serving the Lord by serving and caring for kids and being able to share the love of Christ with them. I want to be able to connect with the kids, share the gospel with them, have fun with them, and help them grow in their relationship with the Lord.
