

COUNSELOR BIO

**CHANCE
HILBURN**

I've always heard of Jesus but truly never knew him until about a year ago. I was in a dark time emotionally, and basically hit rock bottom my last semester of senior year and had no one to turn to but God. He gave me friends I could turn to and a community where I felt love and acceptance for the first time at the point in my life for a while.

I'm working at NLR because I want to give back to the Kingdom of God and hope to be the friend to kids like others were to me. I want to help kids through rough times because I know the feeling of going through it alone, and to give kids the answer that you're never alone. God is always there.
