

# COUNSELOR BIO

**ETHAN  
PETERS**

I took the first steps in making my relationship with God my own when I was around the age of the campers here. I had some amazing mentors who showed me what it was like to be spirit filled. I always looked up to them so much and could see God's presence in them. I'm working here because I feel God calling me to do the same thing for others now that I'm a little farther down the line!
