

COUNSELOR BIO

**HALLIE
SUTTON**

I grew up always knowing Christ and of His love for me; however, I did not fully understand what it meant to have a personal relationship with Him. I started going to camp in 3rd grade, so every summer, the Lord increased my knowledge and love for Him at camp. Despite the knowledge that I had, I was simply going through the motions, and I found myself lost in a constant state of fear and worry. In 8th grade, I realized that I needed to give my full trust and love to the Lord by committing myself to Him forever. By making this promise, I learned that Jesus would always be with me, and I was able to let Him take my burdens from me. I ended up accepting Christ and getting baptized at New Life Ranch, which was so special. This was the best decision that I have ever made, and the Lord is continually transforming my life!

Since New Life Ranch is the place where Jesus transformed me, I am passionate about going back and pouring love into kids who might be going through the same things that I was at that age. I absolutely love every single one of my counselors I had growing up, so I want to be someone that these kids can always go to and look up to. New Life Ranch is such a special place, and I am so excited and expectant of all of the amazing things that the Lord is going to do here this summer!
