

COUNSELOR BIO

**JT
MEHRENS**

I grew up in a Christian home and quickly learned the Gospel. As I grew up I struggled with being bullied. That year I moved away and grew up. I grew bitter about it and wanted revenge. I when to NLR that summer and came to understand what Christ had done for me. I came back years later and ended up forgiving him. Since then, I have been growing learning and growing in my faith with Christ at NLR both as a camper and a staffer. I try to be a man after God's own heart.

I am working at camp this summer because I love to teach kids about what the Lord has done for them and to give back to a organization that has poured so much into me. I came to NLR as a camper and have grown up around it. My counselors inspired me to become a counselor when I grew up. I hope to inspire kids to chase after God and grow in a relationship with Him. So that one day they can follow the plan the Lord has laid out for them.

NEW LIFE RANCH • SUMMER 2020
