

COUNSELOR BIO

**JACOB
HALPAIN**

I came to know Christ through an invitation to my friend's Christmas Service back in December of 2015. I sat there and heard the story of Jesus and became instantly hooked by the idea of someone so much bigger than this world! After about a year of a lot of questions and new understanding, I felt as if I was called to take the next step of giving my life to Christ. So, in September of 2016 I gave my life to Christ!

I chose to work at NLR this summer simply because I have a heart for God, and His heart for people. God has instilled in me the love for youth and teaching them who He is and His mission for us! I love the NLR community and wouldn't trade a summer of teaching your kid(s) about Christ than doing anything else!
