

COUNSELOR BIO

**KYLEE
SUTHERLAND**

I came to know Jesus as my Lord and Savior in fourth grade! My pastor shared a message of Christ dying on the cross for the forgiveness of our sins. Since I grew up in church, I'd heard this before. But he talked about something that day that I hadn't heard before and changed my life forever. He talked about how Christ died because God wanted a personal relationship with me, that He loves me. I accepted Him in my heart that Sunday and have been growing in knowledge and love for Him ever since.

I'm working at NLR this summer because I love the Lord and love kiddos! I have such a heart for ministering to girls. I love getting to know their personalities and stories. It's sweet to see how God has worked in their life before and be a part of their journey in growing closer to Him or even meeting Him for the first time. I can't wait to serve and have fun with them this week!
