

COUNSELOR BIO

**MATTHEW
CARPENTER**

I grew up in a good Christian home but didn't understand there was more to a relationship with Jesus Christ outside of going to church on Sunday mornings. One summer, a friend of mine invited me to come out to New Life Ranch and start the Leadership Development Program as a Nehemiah Team member. During my two weeks here I encountered Jesus in such a powerful way that I understood how much he loved me and that I could pursue a close and intimate relationship with him. I have been growing in my faith ever since! I am working here at New Life Ranch this summer because I enjoy spending time with these kids and helping to build a spiritual foundation in them in Christ that will carry on into their lives.

NEW LIFE RANCH • SUMMER 2020
