

# COUNSELOR BIO

**MENA  
SUDDOCK**

I was introduced to church when I was in the 8th grade and I began attending weekly with my dance teacher. I was extremely blessed to have such amazing adults in my life to point me in the right direction and also kids my age from my youth group at church that were examples to me in such a difficult time in life. I realized that those around me had something that I didn't and I knew I wanted it. Even though I did not grow up fully in church and am still missing spiritual guidance from my parents, it has made my confidence in my faith so much stronger and pushes me to want to show the love of Jesus every day.

I am working at New Life Ranch this summer to love on all the kids that I come across. I want to not only have fun with them and see their joy, but also be there in the hard times and show them how much they matter. I have always wanted to work at summer camp and the opportunities at New Life Ranch brings me so much excitement!
