**NATALIE
WILLIAMS**

I have grown up in a Christian home. Anytime there was a church activity, you could find me there. It wasn't until 5th grade that my relationship with Christ really took off on my own. I had gotten a new Bible for Christmas, and I was eager to open it up. At that time I had made the decision that I would read the whole Bible. Each day for the next 3 years, I opened my Bible and read 1 chapter a day, did a devotional, and had a bible verse of the day. It was then that my faith really began to grow. In the 8th grade I finished the Bible. Ever since then I have been reading various books, doing multiple studies, and having quiet time with God each day. I am working at New Life Ranch this summer because I would love to share my faith. God has done so many amazing things in my life and I am eager to go out and spread his word. Camp has always been in my heart since I was little, and I am super excited to see what he does this summer!
